About This Game

Experience the horrors of war through the stories in infirmary of the tank crew member.
His memories will guide you through the significant events of his military service to the tragedy that happened on the last mission.
Each memory is an encounter with the enemy, in which the tank team participated.
Classic top down view, destructible walls, powerups, new environment and enemies, as well as the ability to complete the game on various types of tanks!
This is the best reinvention of the famous NES game Battle City!

Features:

- This game is top-down shooter about arcade tank warfare;

- Various environment and obstacles;

- Complete 10 different missions with unique tasks;

- Unlock up to 4 new tanks to beat the game again on higher difficulty.
